

ZOOM USER GUIDE

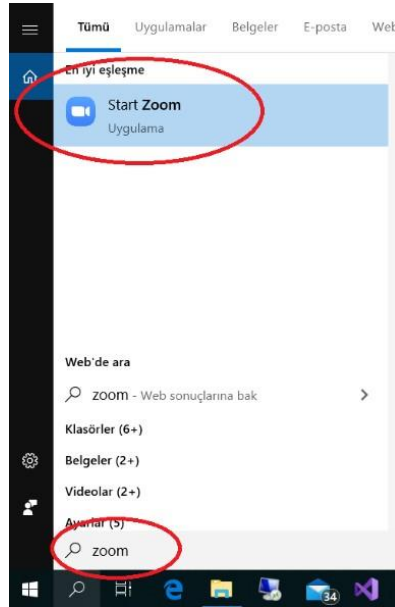

- 1) **Downloading Zoom Software:** The software can be downloaded from <https://zoom.us/support/download>

Note: To download the software for mobile phones or tables please search the application in App Store or Google play as “Zoom Cloud Meeting”.

- 2) **Zoom Software Set Up:** Please run the software downloaded from the given link.

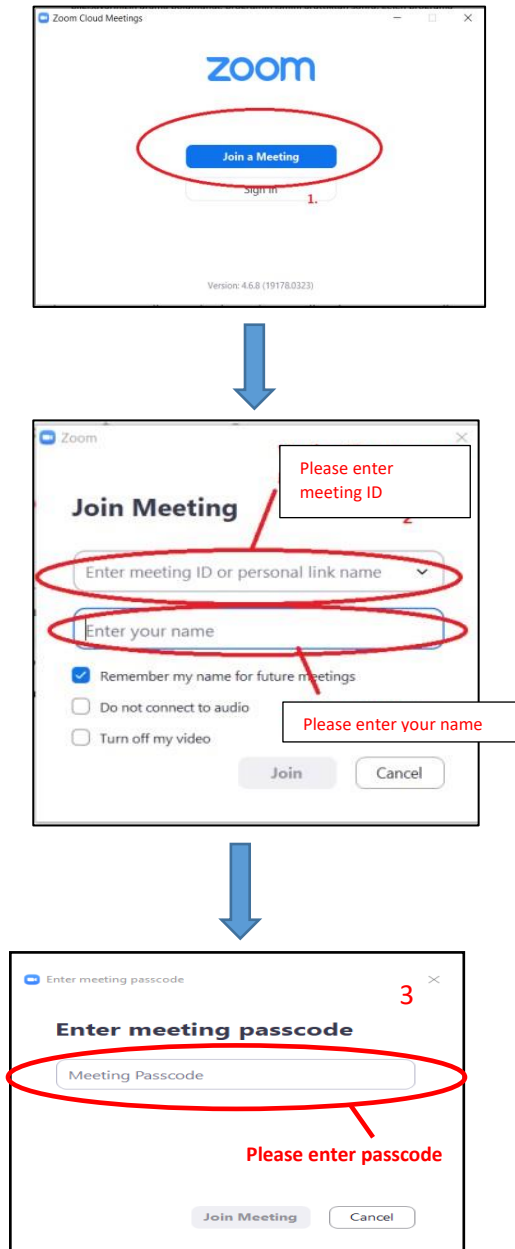

- 3) **Zoom Software Usage:** You can launch the application after the set up by searching the name of the software in your computer as given in figure below.

- 4) **Joining IMSEC2021 Online Sessions:** The participants do not need to sign up to Zoom software to join the IMSEC2021 online sessions. You can use two different methods to join the sessions.

Method 1: Please click on “Join a Meeting” after launching the Zoom software and enter your name, the Meeting ID and the passcode which will be sent to participants with e-mail by the IMSEC2021 organising committee.

Method 2: You may also join IMSEC2021 online sessions by clicking the link which will be sent to you and enter the Meeting ID and Passcode.

IMSEC2021 Organising Committee is inviting you to a scheduled Zoom meeting.

Topic: IMSEC2021 Online Oturum

Time: Oct 25, 2021 10:00 AM Alanya

Meeting ID: *** ** *

Passcode: *****

5) **Online Presentation:** In the online sessions, the moderator will give permission the participants to share his/her screen to present his/her study. The participants can share their screens by clicking on “share screen button”.

1- LAMİNER VE TÜRBÜLANSLI AKIŞLAR

- **Laminer akış:** düzgün akım çizgileri ve düzenli hareket
- **Türbülanslı akış:** hız çalkantıları ve çok düzensiz hareket
- Laminerden türbülansa geçiş aniden olmaz ve bir ara akış rejimi yaşanır.
- Türbülanslı akıştaki hızlı değişimlerin sonucunda, akışkanın yoğun bir şekilde karışması, akışkan parçacıkları arasındaki momentum geçişini artırır. Bu da yüzeydeki sürtünme kuvvetini ve dolayısıyla, gerekli olan pompa gücünü artırır. Akış tam gelişmiş olduğunda sürtünme katsayısı maksimum değerine ulaşır.

(a) Laminar flow

(b) Turbulent flow
